MESSAGE FROM PRINCIPAL

It is a matter of great pride and honor for me to express my feelings as Principal on the publication of first newsletter of Bakhtawar Cadet College for Girls. I am gratified and feel satisfaction on the growth and development of Bakhtawar Cadet College for Girls as we are striving hard to raise the standards of female education in Pakistan.

My young cadets, it is your persistent hard work that you are a cadet today but you should be thankful to your parents for their sacrifices and to your teachers who nurtured you for years to be the Leaders of Tomorrow. Though, it is the start of your education in this college but for a student journey of education and learning never ends. My advice to you is to keep yourselves as per the innovations in the world and disseminate your knowledge.

You will be the best doctors, great teachers, military officers and researchers of coming times and the Leaders of Tomorrow. Wish you all best of luck and success in your future.
