## QUAID'S MESSAGE

**"No nation can ever be worthy of its existence that cannot take its women along with men. No struggle can ever succeed without women participating side by side with men. There are two powers in the world; one is the sword and the other is the pen. There is a great competition and rivalry between the two. There is a third power stronger than both, that of the women."**

## FOREWARD

Nelson Mandela rightly said; "Education is the most important weapon that you can use to change the world". It is believed that education carries utmost importance in all ages because it functions as an engine of development, progress and prosperity for any nation.

2. The empowerment and autonomy of women and the improvement of their political, social, economic and health status is a highly important end in itself. In addition, it is essential for the achievement of sustainable development.

Women empowerment refers broadly to the expansion of freedom

of choice and action to shape one's life. National development must be balanced with the equal distribution of resources to both males and females as in Pakistan females are approximately 51 percent of the total population and without their active participation of Pakistan cannot achieve the required level of growth rate. In this backdrop, Government of Sindh, under patronage of Pakistan Air force, undertook a mega project of establishing a female cadet college at Shaheed Benazirabad with a prime motto to promote female education in Pakistan. It is a matter of pride that the institution is progressing with good reputation to meet the needs of this era, the institution has been rapidly flourishing in technological advancements as the usage of smart technology in academic classes, labs, library and administrative areas has elevated the standards of this institution.

3. The institution is running with third academic session carrying successfully formal and informal curriculum on language, mathematics, science, humanities, aesthetic and physical development have developed students multiple intelligence and aptitude for lifelong learning with disciplinary attitude.

4. Pakistan Air Force is pleased to extend continued patronage and support to the institution in its pursuit to achieve the sacred mission and to accomplish the progressing goals.

## PRINCIPAL(ACTING)MESSAGE

As Solomon Ortiz says, "Education is the key to success in life, and teachers make a lasting impact in the lives of their students". Education is the key to eliminating gender inequality, to reducing poverty, to creating a sustainable planet and to fostering peace. Improvements to female education will provide a country with a more knowledgeable workforce, healthier families and prosperous societies.

I am honoured and privileged to be the first female Principal of Bakhtawar Cadet College for Girls. Being the first institute of its kind in Pakistan, aimed to provide quality education to female cadets and to make them leaders of tomorrow. In my long term vision, I hope to help the students learn how to combat the nega-

tive and stereotyped feelings that plague our society. Rather, empowering them to see that they have the ability to be a great generation. My responsibility in their lives is to ensure that my cadets are getting the best education I can provide tapping into the resources of my college, parents and the broader community so that they can succeed in whatever area they choose in future career.

Located in the heart of the city, this college is the cynosure of all eyes. The infrastructure that the college has is second to none. We have a dedicated, experienced and qualified faculty who open the door of learning ground for the cadets but at the same time expect them to enter it by themselves. There is no force more paralyzing than the fear of failure. We mould our cadets to be self-confident and pragmatic such that when they enter life after their studies, they face various challenges with courage, conviction and success.

I am pleased to report that our dedicated approach to teaching and learning is seeing real benefits for our cadets. I would like to congratulate our faculty and cadets on achieving the best results in outdoor competitions on National and International Level. Our outstanding achievements have also been recognized and highly appreciated by district government as they have rewarded our painstaking and the most sedulous working with honorary shields and trophies by Deputy Commissioner SBA, President Rotary Club Nawabshah and Press Club Nawabshah. I am proud of the significant accomplishments of our cadets and the results our college has achieved in being a better choice in education.

We cannot always build the future for our youth, but we can build our youth for the future. Remember the reward of every good action will be good only. May Almighty Allah bestow upon us His blessings to come up to the expectations of our nation and grant us courage and wisdom to take Bakhtawar Cadet College for Girls to ultimate heights of success.

## ENTRY TEST SAMPLE PAPERS

### SUBJECT: ENGLISH

**Q) Read the following paragraph carefully and answer the questions given at the end.**

**"Great Book"**

The test of a great book is whether we want to read it only once or more than once. Any really great book we want to read the second time even more than we wanted to read it the first time and every additional time that we read it, we find new meanings and new beauties in it. A book that a person of education and good taste does not care to read more than once is very probably not worth much. But we cannot consider the judgment of a single individual infallible. The opinion that makes a book great must be the opinion of many. For even the greatest critics are apt to have certain dullness, certain in appreciation. A man must be many-sided to utter a trustworthy estimate of many books. We may doubt the judgment of a single critic at times. But there is no doubt possible in regard to the judgment of generations.

**Questions:**

- (a) What is the test of a great book?
- (b) What do we find when we read a great book again?
- (c) Which book is not of much worth?

**Q. Write an essay of about 150 words on any ONE of the following topics.**

- a) Miracles of Science   b) A Picnic Day   c) The Most Interesting Birthday of My Life

**Q) (a) Translate the following into English:**

- 1. In spite of the heavy rains, we reached on time.
- 2. She passed her test because of her teacher.
- 3. She failed her exams because she had a bad teacher.
- 4. Though she performed well in the interview, she didn't get the job.
- 5. In spite of his good grades, he couldn't secure admission in a good college.

**Q. (b) Translate the following into Urdu:**

- (۱) جیسا کرو گے ویسا بھرو گے۔
- (۲) آج موسم خوشگوار ہے۔
- (۳) بارش رک گئی۔
- (۴) آپ کے بڑے بھائی کا کیا نام ہے۔
- (۵) ہم کبھی جھوٹ نہیں بولیں گے۔
